Make a squishy countdown

A handmade paper craft kit - bags and envelopes are not included.

1. Print at actual size

Choose 100% or Actual Size, with Fit to Page and scaling turned off.

2. Measure first

Check the 50 mm calibration line. Each front and back should be 60 mm square.

3. Gather supplies

Paper, scissors, clear tape, a little clean dry tissue or cotton filling,

and 24 of your own envelopes or bags. Markers are optional.

4. Make the squishies

Cut matching front and back squares on the solid outlines. Place blank sides

together with the design facing out. Tape three edges together.

5. Fill and close

Add a little dry filling; tape the remaining edge closed. Squeeze gently.

6. Set up the countdown

Cut the numbered labels and attach them to your own bags or envelopes.

Put a finished paper squishy or another surprise in each bag. This kit makes

six squishies, so reuse designs or add your own surprises for all 24 days.

SAFETY AND EXPECTATIONS

Adult supervision is needed for scissors and small parts. Keep away from
children who may put small parts in their mouths. This is a paper craft, not a toy calendar.

Calibration: this line must measure 50 mm

24-day squishy countdown

Check off one day each time you open a surprise.

DAY 01 ☐	DAY 02 ☐	DAY 03 ☐	DAY 04 ☐
DAY 05 ☐	DAY 06 ☐	DAY 07 ☐	DAY 08 ☐
DAY 09 ☐	DAY 10 ☐	DAY 11 ☐	DAY 12 ☐
DAY 13 ☐	DAY 14 ☐	DAY 15 ☐	DAY 16 ☐
DAY 17 ☐	DAY 18 ☐	DAY 19 ☐	DAY 20 ☐
DAY 21 ☐	DAY 22 ☐	DAY 23 ☐	DAY 24 ☐

Calibration: this line must measure 50 mm

24 countdown labels

Cut on solid lines and attach to your own bags or envelopes.

01	02	03	04
05	06	07	08
09	10	11	12
13	14	15	16
17	18	19	20
21	22	23	24

Tip: make extra squishies or add other small surprises.

Calibration: this line must measure 50 mm

Cut and make: designs 1 & 2

Solid outlines are cut lines. Front and back squares match at 60 mm.

Gingerbread - FRONT

Gingerbread - BACK

Tree - FRONT

Tree - BACK
